Amar Koche
Sr. Front-end UI Developer

I am a Sr. Front-end UI Developer cum designer having 12+ years of hands-on experience in building a website and applications . I have worked in multiple domains such as Education, Healthcare, E-commerce, Research, and Finance. I am technically proficient in coding standards, including pixel-perfect responsive web design, semantic markups, cross-browser compatibility, basic usability, accessibility, industry standards, and W3C-compliant websites.
